Running as a Live Business, Alacer Gold Corporation is providing enterprise mobility for its workforce to enable better decision making in an innovative environment on SAP S/4HANA. With SAP technology, Alacer is changing its corporate culture, creating a collaborative work environment, and preparing for future growth.

Before: Challenges and Opportunities

- Transform business across all functions to create efficient processes, increase productivity, and reduce costs
- Run business operations efficiently with fewer people in less time
- Utilize real-time data analysis for better decision making, greater workforce safety, and asset preservation
- Take the workforce out of the office and into the field by empowering it and giving it enterprise mobility

Why SAP and Illumiti Inc.

- Execution of a company-wide, integrated business transformation on a single platform
- Real-time data and mobile solutions
- Better, quicker, and more-reliable business processes through best practices and standardization
- Ability for the partner to customize technology and rightsize it to the company

After: Value-Driven Results

- Data transparency, real-time access, and ad hoc reporting through SAP S/4HANA for better decision making
- Business process automation for timeliness, accuracy, and efficiencies
- Mobilization of executive management and field personnel with the SAP Fiori user experience
- Utilization of health and safety, plant maintenance, materials management, and HR capabilities in SAP solutions
- Smooth integration of SAP SuccessFactors solutions with SAP S/4HANA

“With SAP S/4HANA, we can realize the benefit of **real-time access to real-time data to make real-time decisions. We can be more innovative and efficient as we transform our business and prepare for the future.”**
